

Universal Fastener Pack

Part #100223

\$4.99

This low profile machine screw pack includes flat washers, lock washers and lock nuts. It can be used to secure a ProClip Holder or Tilt-Swivel Base to various mounts, threaded plates and more.

Each screw uses a low profile top to fit flush and not protrude out of the end of the holder.

Includes 3 lengths to ensure a perfect fit without excessive amounts of screw thread sticking out of the end.

Features

These black cap screws, lock nuts, flat washers and lock washers are an effective way to secure a Tilt-Swivel Base or Pedestal Mount Base to a pedestal, Dashboard Back Plates VESA plate or anything with M4 through holes or brass inserts.

- Fastener pack for attaching a holder to a Quick Release Dock or ProClip Mount.
- 4 - M4 x 10mm, 14 and 20 mm machine screws with low profile 2.5 mm Hex heads.
- 4 - M4 Lock Nut, Flat Washer, Lock Washer
- 1 - 2.5 Allen Wrench
