

MOTOROLA

The Motorola LEX phones use a 3.5mm port for audio, and connector model depends on which application is loaded onto the phone for PTT.

App options include Motorola Wave, Kodiak, ESChat, and Zello.

- Wave and Kodiak = KO
- ESChat = SLA
- Zello = ZLO

EXAMPLE: The Valor part number for this phone using Zello is VALOR-ZLO.

LEX L10,11
