

PHOENIX Elite Series

AT&T ePTT – Sonim, Android & iOS.

The new **PHOENIX Elite Series** is the world's only waterproof, Mil Spec compliant speaker mic for PoC (Push-to-Talk over Cellular) applications. All major Smartphone/Tablet platforms are supported. Ideally suited for commercial, business/industrial, transportation, security, fleet management, medical, public safety and military – The **PHOENIX Elite** provides a rugged, feature rich platform for your most demanding applications.

Standard and optional features include:

- Waterproof to IP68 – 1 meter for 31 minutes.
- Meets/exceeds military environmental specs (Mil 810G).
- Large, super tactile side PTT.
- One touch Hi/Lo volume button.
- **SureSeal™** 3.5mm Rx audio jack.
- Gold plated Printed Circuit Board for 100% reliability.
- Secure 360° rotating belt clip.
- Reinforced cable with integrally molded charging port.
- 1,100 mAh Lilon extra long life battery.
- Battery wall charger.
- *Optional* **MagShield™** internal acoustic shroud to eliminate ingress of metallic and other industrial debris into the speaker cavity.
- *Optional* **Hi/No™** volume button to meet new government
