

SPECS: 115V, 50~60HZ
DC 5.0V / 2A (5 CHANNEL)
(PATENT PENDING)

Place compatible* Flex case into any available charger slot.
The magnetic & case will automatically connect.

When case is inserted correctly, an LED indicator light will illuminate.
Red means charging. **Blue** means fully charged.

To expand charging capacity, daisy-chain included transfer chords
to connect up to five Powerboxes.

To remove, simply pull up on Flex case. Magnetic charger will
detach automatically.
